Termination of Erectile Dysfunction Drug Coverage for Medicaid Enrollees - Effective January 1, 2006

The purpose of this memorandum is to notify providers that, effective January 1, 2006, Virginia Medicaid will no longer cover Erectile Dysfunction (ED) drugs under its pharmacy benefits program.

Federal legislation has been passed that ends Medicaid payments for ED drugs as of January 1, 2006. Virginia Medicaid will terminate coverage of these drugs on this date. Virginia Medicaid currently covers ED drugs with a quantity limit of four doses per 30-day period, except for registered sex offenders (see the [June 3, 2005 Medicaid Memorandum](#) for more details).

Beginning January 1, 2006, when submitting claims at point-of-sale (POS), pharmacy providers will see the Medicaid coverage denial reason, "NDC Not Covered," and reimbursement will not be allowed. Virginia Medicaid will continue to allow reimbursement for the Phosphodiesterase 5 Inhibitor (Revatio) for pulmonary arterial hypertension patients.

Pharmacy and medical providers may contact DMAS to obtain more information on this coverage restriction.
